P

PROFILE

Duoc UC Programmer Analyst graduate with training in full-stack development, process automation and data analysis. Hands-on experience with Java, Spring Boot, React, TypeScript, SQL and API development, plus MasterBase® MCCR certification and B2 English. Currently strengthening my skills in Excel, Power BI and data analysis. I am focused on continuous learning, problem solving and collaboration, with an interest in software development, QA automation and data analysis.

W

EXPERIENCE

MasterBase®

MARCH 2026 - JULY 2026

Flex Partner | Internship

- Developed a no-code project: an automated system for managing access, visitors, deliveries, notifications and dashboards. Generated and validated CSV test data and JSON processes.

Activos - Walmart Chile S.A

JANUARY 2026 - MARCH 2026

Warehouse Associate

- Managed and controlled inventory using internal systems, recorded inbound goods, unloaded trucks and checked products.

Turbus SpA

DECEMBER 2025 - JANUARY 2026

Ticket Office Cashier

- Served customers, processed sales and returns, reviewed alcohol test records and maintained spreadsheets.

Sociedad Gemma 2 SpA

DECEMBER 2022 - MARCH 2023

Staff Member

- Resolved customer service and cash-register issues, took orders, restocked supplies, assisted in the kitchen and cleaned work areas.
